87.1. **Apologies** H Gairdner    D Hussey            N Meades

87.2 **Open Forum** – No residents present other than members of the Playground Working Group

87.10 **Play Area**

This item was brought forward to enable Jenny Guest, James McGregor and Steve Furby of the Playground Working Group to leave before the full meeting if they so wish. The meeting were unanimous in their thanks to whole group for it's hard work to bring the project on so far, perseverance with all of the documentation and again with the tendering process. There were eight serious tenders; the marking system was rigorous and Hs2 now require all documentation before details are made public. NG proposed acceptance of the named winning company and this was unanimously accepted. Some items could be added to the scheme and residents could be involved. There is a five year maintenance clause which could be extended. Site should have litter bins. A formal sub committee of the Parish Council will be set up to manage the oversight of the new play area. Hopefully some of the working group will be involved. Once again, the meeting thanked the working group as they left.
