

Notice of overnight road closure, A361 and Welsh Road

December 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. The health and safety of our workforce and the communities we work within is our priority. Please contact the Helpdesk if you have any further questions relating to our response to the Covid-19 pandemic. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In mid January, we will be carrying out topographical surveys at the road junction of the A361 and Welsh Road. These surveys will help us finalise the design of the new railway and are expected to take two weeks to complete.

A topographical survey is an exercise undertaken by land surveyors using highly specialised survey equipment. These surveys provide detailed maps of the land, identifying both natural and man-made features within a specified area.

In order to carry out these surveys, our staff will be working directly on the carriageway. For reasons of safety, these works will be carried out under an overnight road closure and will take approximately two weeks to complete.

When will these works take place?

The surveys will take place at the junction of the A361 and Welsh Road which will be fully closed overnight, on weeknights from Monday 9 January to Saturday 21 January 2023 between 8pm and 6am. Re-opening at 6am on Saturday 21 January.

These dates may be subject to change due to circumstances outside of our control, such as weather.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
